Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance:

Claims 1-38 are allowed.

Regarding claims 1, 9, 17, 27-30, 33 and 36, the prior arts Roberts, Kimball and Iwama, after having all the limitations of the claims, fail to teach if the first call forwarding destination and the second call forwarding destination do not refer to the same destination, changing at least one of the first call forwarding destination and the second call forwarding destination to yield the first call forwarding destination and the second call forwarding destination referring to the same destination.

Examiner's newly discovered references, Abidi and Akhavan, after having all the limitations of the claims, also fail to teach if the first call forwarding destination and the second call forwarding destination do not refer to the same destination, changing at least one of the first call forwarding destination and the second call forwarding destination to yield the first call forwarding destination and the second call forwarding destination referring to the same destination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
